Join the Continental Green Initiative for Earth Day!

This year we're unleashing the power of green on the world! On Earth Day - April 22nd - every Continental branch will escape to the outdoors in order to plant trees in their local community as well as clean up trash and recycling. But the best part is it's not just us... We're inviting everyone to come outside and join us in making a difference. Every little bit counts, and with your help we can keep our communities clean and make a better world for our kids. Speak to one of our friendly staff members at your local branch to find out how you can get involved today!
