# Turning Earth Day into Earth Year

We're Making the World a Greener Place All Year Long!

Since Earth Day 2015, we've been working overtime to keep everything looking healthy inside and outside of our branches. From soaking up beautiful blue skies to running our toes through the grass, Continental staff and clients have been taking action by heading out into local communities to plant trees and clean up waste. Thank you to everyone who continues to make a difference and take part in a greener world, without you the Continental Green initiative would never have become such a tremendous success!
